Empower & Enable Your Employees With **Tableau Training**

You made a significant investment in the most powerful data and analytics tool. Does your team know how to get the most out of your investment? Enabling your team with professional training is the best way your organization can ensure you will get a return on your investment.

Tableau Training by XeoMatrix Ensures Your Team:

- ✔ Learns best practices and tips & tricks that speed up their expertise
- ✔ Has access to resources for continued learning past the initial training
- ✔ Is trained on the right advanced functionality to dig deeper into your data
- ✔ Learns the fundamentals of the platform for a strong foundation
- ✔ Knows how to build dashboards that get you to insights faster

What's Included In Our Training:

- ✔ All training is led by a certified instructor
- ✔ We leverage your data for deeper learning
- ✔ Each session is recorded and is available to all attendees
